September 12, 2006

Mr. Lee Budde
Airframes, Inc.
P.O. Box 521795
Big Lake, AK 99652

Dear Mr. Budde:

This is in response to your request for Parts Manufacturer Approval (PMA) on Airframes, Inc., Master Drawing List (MDL) for Engine Baffles, Number E207, Revision A, dated 9/8/06, eligible for installation on early Cessna Model 207 aircraft.

We have reviewed the drawings and data submitted and find they meet the requirements of 14 CFR § 21.303(d) (1). We noted design approval on the PMA supplement. Note that this is a notification letter only and does not constitute production approval. We sent the PMA Supplement with your application to:

Wichita Manufacturing Inspection District Office (MIDO)
Mid-Continent Airport
1804 Airport Road, Room 101
Wichita, KS 67209
316-946-4175 (office)
316-946-4189 (facsimile)

The MIDO will grant production approval after validating your fabrication inspection system. The FAA-PMA letter and PMA supplement from the MIDO documents that approval.

We agree with your determination that installation of your PMA parts does not impact existing 14 CFR 21.50(b) instructions for continued airworthiness (ICA).

If you have any questions, please call Della Swartz, at (907) 271-2672.

Sincerely,

Gregory J. Holt, Manager
Anchorage Aircraft Certification Office

-----End of Listing-----

NOTE: Provide minor design changes in a manner as determined by the ACO. Handle major design changes to drawings and specifications in the same manner as that for an original FAA-PMA. If TC holder's ICA applies to these replacement parts, provide a statement noting such. If not, provide supplementary ICA per 14 CFR §21.50

FEDERAL AVIATION ADMINISTRATION – PARTS MANUFACTURER APPROVAL

Dear Ms. Schachle:

In accordance with the provisions of Title 14, Code of Federal Regulations (14 CFR), part 21, Certification Procedures for Products, Articles, and Parts, subpart K, the FAA has found that the design data, based on Test and Computations, the approval letter from the FAA Anchorage Aircraft Certification Office, dated June 23, 2014, with your request letter dated July 22, 2014, meet the airworthiness requirements of the regulations applicable to the products on which the articles are to be installed. Additionally, the FAA has determined that Airforms, Inc. has established the quality system required by § 21.307 at 1166 Tom Parkers Way, Big Lake, Alaska. Accordingly, Parts Manufacturer Approval (PMA) is hereby granted for production of the replacement articles listed in the enclosed Supplement No. 27, dated July 23, 2014.

You are reminded that the provisions of 14 CFR, parts 21 and 45, noted in our PMA letter of approval dated January 22, 2010, also apply to the enclosed PMA Listing-Supplement No. 27. The enclosed supplement should be retained with the original PMA letter as evidence of approval to produce the articles concerned.

Sincerely,

A handwritten signature in blue ink, appearing to read "Timothy L. Bonderer".

Timothy L. Bonderer
Manager, Minneapolis MIDO
