4. Organization Name and Address: Kelley Instruments, Inc., 4131 May Street, Wichita, KS. 67209-2838				5. Work Order/Contract/ Invoice Number: 116908			
6. Item:	7. Description:	8. Part Number:	9. Eligibility: *	10. Quantity:	11. Serial/Batch No.	12. Status/Work:	
1	DUAL FUEL FLOW	6662020-0101	NA	1	C4310	FUNCTIONAL TEST	
13. Remarks: FUNCTIONAL TESTED PER MFG. SPECS							
14. Certifies the items identified above were manufactured in conformity to: <input type="checkbox"/> Approved design data and are in a condition for safe operation. <input type="checkbox"/> Non-approved design data specified in Block 13.			19. <input checked="" type="checkbox"/> 14 CFR 43.9 Return to Service. <input type="checkbox"/> Other regulation specified in Block 13 Certifies that unless otherwise specified in Block 13, the work identified in Block 12 and described in Block 13 was accomplished in accordance with Title 14, Code of Federal Regulations, part 43 and in respect to that work, the items are approved for return to service.				
15. Authorized Signature:		16. Approval/Authorization No.:		20. Authorized Signature: <i>Nicholas K. Ellis</i>		21. Approval/Certificate No.: OP2R065L	
17. Name (Typed or Printed):		18. Date (m/d/y):		22. Name (Typed or Printed): NICHOLAS K. ELLIS		23. Date (m/d/y): 9/2/05	

User/Installer Responsibilities

It is important to understand that the existence of this document alone does not automatically constitute authority to install the part/component/assembly. Where the user/installer performs work in accordance with the national regulations of an airworthiness authority different than the airworthiness authority of the country specified in Block 1, it is essential that the user/installer ensures that his/her airworthiness authority accepts parts/components/assemblies from the airworthiness authority of the country specified in Block 1.

Statements in Blocks 14 and 19 do not constitute installation certification. In all cases, aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
